

KTIMA BRINTZIKI, ENIPEAS 2015

Ktima Brintziki is a producer of indigenous, rare varietals and is Greece's first green winery. Located in the Ilian region of the Peloponnese near the sacred town of Ancient Olympia, the family-owned property is certified organic and completely carbon-neutral through the use of renewable solar and geothermal energy. They grow indigenous varietals and use natural yeast for most of their wines.

The Enipeas wine is named after the river that runs through the winery. Made from the Roditis and Assyrtiko grapes and fermented with natural yeast, this wine has floral aromas, crisp acidity, and an elegant finish. It has notes of tropical fruit and pronounced floral components with ripe stonefruit, poached pears and warm citrus complementing each other. This wine goes well with fish and shellfish, white meat or red meat served with sweet or white sauce, pasta, cheese and fruits.

VARIETALS: Roditis 70%, Assyrtiko 30%

WINE FOR THE WORLD

-  Organic
