

STELLEKAYA, ORION 2009

Stellekaya is an ultra-premium boutique winery that makes only red wines. Produced with an old-world style of winemaking, the wines are as extraordinary as the winemaker herself, Ntsiki Biyela, South Africa's first black female winemaker. Put simply, this is a gorgeous Bordeaux-style blend at a fraction of the cost for similar quality. Full bodied wine with layers of black fruits, structure, balance, and complexity. The winery does extensive bottle aging at the cellar, so you can enjoy this wine now, or through 2018. Pair with a special meat dish like lamb shank with wilted spinach and mashed potato, or a hearty vegetarian stew with herbs and red wine on polenta.
