

# SUO, RED COLLECTION 2 2013

---

  
WINE FOR THE WORLD

Wine for the World brings together established and emerging winemakers from the US and abroad to create truly unique products that makes the world a little smaller. Red Collection No. 2 is full-bodied blend created by Helen Keplinger from Napa and Ntsiki Biyela from South Africa. Round on the palate with a silky finish. Soft, ripe tannins, and a good balance of wood, acid and fruit give this wine a long, lingering finish. Pair with juicy lamb, steak or a hearty vegetable dish.
