

DE BOS HANDPICKED, 47 VARIETAL ROSE 2015

This is a wine you will not see often. Coming from their vine garden - which is essentially a library of dozens of varieties of wine - the Bosman Family crafts a special, unique rose wine every year. Even better, the winery is environmentally conscious and socially responsible. This fresh, rich wine has excellent acidity with notes of wild strawberry and cranberry. Pair with salads, light meals, and summer picnics!

WINE FOR THE WORLD

-  Environmental Sustainability
-  Artisanal
-  Micro Production
