

BOSMAN FAMILY VINEYARDS, ADAMA WHITE 2014

WINE FOR THE WORLD

An eight-generation story of vine to wine, the Bosman Family are farmers and winemakers who are prominent stewards of the environment, the people that work with them, and the high-quality wines that come from their limited-production winery. The Adama range of blends is one of their most loved lines. This aromatic blend is an homage to old-world style wines, offering notes of citrus delicately balanced with elegant minerality. This blend pairs fantastically with a wide range of dishes including gourmet pizzas, grilled poultry or seafood, or can be enjoyed entirely on its own.
